## Success Line "Quick Ship" Pre-engineered Conveyor Systems

Knowing that our customers rely on our quality and reputation, we developed a line of pre-engineered conveyor components that could ship quickly without customization. By pre-engineering and pre-fabricating the components for the Success Line of conveyors, we save on both time and expense, which translates to "value-driven, quick ship" solutions, hence, SUCCESS! This simplistic line of conveyors was designed so you can piece together exactly what you need, the sizes and specifications that work for you and accessories that you may want to consider. We even include an HP and Chain Pull calculation page to help build your equipment based on your immediate needs.

**Quality**

**Quick Delivery**

**Value**

### SUCCESS LINE: Modules and Configurations

- Parallel transfers
- Drive modules
- Idle end modules
- Intermediate conveyor (straight sections)
- Curve conveyor  
(turn sections 24" radius at 30°, 45° or 90°)

### SUCCESS Line: General specifications

Frame	11 ga. stainless steel or 11 ga. mild steel (painted)
Frame Design	Inverted "L" open top
Wearstrips	UHMW 1/8", Valu-Flex or standard Serpentine return
Guidrails	Single high extruded aluminum with UHMW flat-faced cover
Brackets	Formed flat bar, adjustable
Supports	"H" style with adjustable formed feet
Motors/Reducers	C-Faced, Fixed Speed AC or Variable Speed
Chains	Sideflexing Acetyl in 3-1/4", 4-1/2", 7-1/2", 10" or 12" widths
Paint (mild steel)	Standard enamel in five color options or custom matched on request

# Multi-Conveyor LLC

*Your best...conveyed better.*

Let's get working on your next project.

Since 1989, Multi-Conveyor has been supplying standard and custom conveyors to nearly every industry. Whether your project is \$3,000 or \$3 Million, Multi-Conveyor has solutions. When you work with Multi-Conveyor, you work with a team of experts. A Project Manager is assigned to each individual customer and each job to ensure a quick response. Multi-Conveyor is committed to minimal lead times to meet our customer's required due dates.

**Here's a list of systems and devices that Multi-Conveyor builds on a regular basis:**

Accumulation Conveyors	Multi-Flex Chain Conveyors
Alpine Accumulation Conveyors	Package or Roll Upenders
ARB (Activated Roller Belt™) Conveyors	Package Turning Devices
Auto-Indexers	Pallet Forming Conveyors for Robotic Palletizers
Belt Conveyors: Fabric, Homogenous, Positive Drive	Pneumatic Devices: Clamps, Stops, Gates, Retracts, Rails
Bi-Directional & Uni-Directional Accumulation Tables	Pre-Engineered Standard "Quick Ship" Conveyors
Case Packaging / Case Load Conveyors or Stations	Product Orientation: Rotate, Turn, Flip
Case Upenders	Product Turners
Chain Driven Conveyors	Retractable Nose Conveyors
Custom Designs and Specialty Systems	Right-Angle Pushers and Sweeps
Electrical Control Panels (UL Listed)	Rotary Tables: Accumulators / Unscramblers
Electrical Control Systems and Programming	Sanitary, Hygienic Design and Construction:
Friction Belt Conveyors	- FDA Compliant Designs and Construction
Gripper Conveyors: All Configurations	- 3A Dairy Designs and Construction
Hand-Pack Stations	Servo and Pneumatic Diverters and Combiners
High-Speed Servo Driven Divert Gate Assemblies	Side Grip Elevators and Lowerators
Hydraulic Devices	Single Filing Conveyors
Incline Conveyors	Slim-Fit™ Small Transfer Conveyor Systems
Incline Product Elevators	Spiral Drum Conveyors & Accumulation
Indexing Conveyors	Stackers
Indexing Elevators and Lowerators	Stainless Steel Construction
Integrated Roller Belt (ModSort) Conveyors	Starwheels
Lane Balancers	Steel Chain Conveyors
Lifts & Lift Gates	Success Line: Basic, Economical, General Transport
Mat-Top / Modular Plastic Belt Conveyors	Table-Top Chain Conveyors
Metal Detection Integration	Upenders: Helix (Twist) and Powered Arm
Mild Steel Painted Construction	Vacuum Conveyors
Modular Conveyor Systems	Vertical Accumulators
MDR - Motor Driven Roller: Stainless, Wash Down)	Wire Belt & Wire Mesh Conveyors

**Take the Multi-Conveyor Challenge**

Even if your satisfied with your existing conveyor supplier, give us a shot. Chances are we've already conceived, designed, engineered and built a system just like the one you're looking for right now ... or, made one pretty damn close.
